PHAROS SCHOOL
Core beliefs

- **Christian philosophy of education**

  We implement a Christian philosophy of education, which is devoted to achieving each student's God-given potential.

- **Power of prayer**

  Acknowledging God as the head of our school, we remain committed to sincere and fervent prayer to discern His will.

- **The role of the Bible**

  We hold the Bible as pre-eminent in all school operations, develop Bible knowledge within the academic curriculum and integrate spiritual truth into each subject area within the school.

- **Community impact**

  We strive to engage with the broader community, developing our students to be mission-minded, compassionate and pro-active, and partner with others in order to be effective in our operations.

- **Life-long learning**

  We are dedicated to the concept that life is an ongoing series of experiences leading to growth and maturation - for staff through professional development, for students through education that equips them for life's challenges, and for parents through active parent guidance.

- **Parental education responsibility**

  Parents have the primary responsibility for the education of their children and they choose to consciously delegate this trust to the school. There for they have a responsibility to engage meaningfully and positively with the stated aims of the school, both in terms of their child and the public.

- **Student education responsibility**

  Students are taught to be accountable for the choices they make and are expected to take appropriate responsibility for determining positive outcomes in every situation they may encounter.
